We'll overlook your first accident

When you qualify as a preferred risk for State Auto Companies' special Medalist Auto Policy, your rates won't go up with your first accident.

Unlike similar policies that require three years of policy ownership, the Medalist allows this exemption immediately.

The Medalist recognizes the older, safer driver with substantial rate reductions and broader coverage. Rate reductions begin as early as age 25 and are particularly attractive for the 45 to 64 year old.

If you have a safe driving record, see just how low your car insurance premium can be with the Medalist Auto Policy from State Auto Insurance Companies.
