Honoring Veterans

Shown above, local Veterans entered the RCMS Gymnasium to a standing ovation during Monday's Veteran's Day celebration. The program honored local Veterans and their families after a free meal in the cafeteria. There were also similar events held at the high school and Brodhead Elementary School. See the story and more photos of the events inside.

Rockcastle voters agree with voters across the state

By: Mike French
Editor

Rockcastle County voters typically agreed with the rest of the state, and the nation, as Republicans regained control of the highest office in the land, electing Donald Trump President and J.D. Vance Vice President. Republicans also regained control of the United States Senate with, thus far, a 53-46 margin. The fight for the house is still ongoing with the count 203 for Democrats and 214 for Republicans as of Monday with 218 needed for control and Republican Josh Bray, incumbent, was re-elected District 71 Representative.

Rockcastle voters also agreed with the rest of Kentucky on the two Constitutional Amendments voting in favor of Amendment One and against Amendment Two.

Amendment One asked voter if they favored prohibiting persons who are not citizens from voting in Kentucky. Amendment Two would have allowed the general assembly to financially support students outside the public school system.

Locally, Mount Vernon voters chose David Bales and Chandler Hunter as new city council members while re-electing four incumbents, only ousting Michael VanWinkle and longtime council member Shelly Raines Lewis. In January, Mount Vernon City Council members will be, Julie Asher, top vote getter with 548 votes, Lonetta Daugherty received 437, Wayne Bullock 384, David Bales 364, Gertha Mink 360 and Chandler Hunter with 329.

The Brodhead and Livingston City Commissioners remained the same since each of those candidates had no opposition. Commissioners in Brodhead are Bryanna Mullins as the top vote getter with 286, Harold Taylor got 280, Brian Bullock 255 and Teddy Rose 231. Commissioners in Livingston are Jerry Gross as the top vote getter with 63, Greg Carpenter received 61, Troy Goforth 61 and Jeff Carpenter 57. Livingston Mayor Sandi Singleton easily retained her position over her opposition Lawrence Thayer in a 52 to 28 vote.

Rockcastle County did slightly better than the state in voter turnout as

City found in violation of Open Meetings Act

By: Mike French
Editor

It appears that, unless something changes, Medical Cannabis facilities may locate inside the City limits of Mount Vernon if they so choose.

A meeting by the Mount Vernon City Council on August 12, 2024, has been determined, by the opinion of the Kentucky Attorney General, to be in violation of the Open Meetings Act which requires public entities to inform news media in writing at least 24 hours in advance of any meeting, according to Kentucky State Representative Josh Bray.

During that meeting, the council voted unanimously to place the issue of medical cannabis facilities on the ballot in the 2024 general election. The subject did appear on the ballot and passed in a 505 to 355 vote. The Attorney General's

opinion was handed down the day after the election, on November 6.

Many local officials had expressed their opinion that if the city council meeting was found to be in violation of the KRS statutes, the cannabis issue vote may become null and void. However, it appears that is not the case.

After researching the

issue in detail, Rockcastle County Clerk Danetta Ford Allen said she believes the vote does count and medical cannabis facilities may locate in the city limits now that the vote has passed. "It is my understanding that the Attorney General's office has no authority to say the vote doesn't count," said Allen.

"They can only say that

the city violated the open meetings notification requirements."

According to Allen, in order to make null and void the action

taken during the meeting that was in violation of Kentucky Revised Statutes, a citizen or entity would have to hire

Local hospital named among the best nursing homes by Newsweek

Rockcastle Regional Hospital and Respiratory Center has been recognized as one of the Best Nursing Homes of 2025 by Newsweek for the second year in a row.

The America's Best Nursing Homes 2025 rankings lists the nation's leading nursing homes in the 25 states with the highest number of facilities, according to the Centers for Medicare and Medicaid Services (CMS). The evaluation is based on the following four pillars:

Performance Data Score: The U.S. Centers for Medicare and Medic-

aid Services (CMS) provides monthly updated performance data for each nursing home that participates in Medicare or Medicaid. This data was used to score each nursing home based on health inspections, staffing, and quality measures.

Reputation Score: Survey participants were asked to name up to ten of the best nursing homes in their respective state and up to five of the best nursing homes in the U.S. They were asked to recommend nursing homes by considering the quality of care offered, staff

Operation Shoebox Christmas collection

Volunteers are preparing to collect Operation Christmas Child Shoebox gifts during National Collection Week, November 18-25.

More than 4,700 drop off locations will be open across the country in November and Shoebox packers can now find their local dropoff locations nearest them.

Operation Christmas Child has been collecting

and delivering gift-filled shoeboxes to children, including many who are suffering from war, poverty, disease and disaster. Operation Shoebox hopes to reach another 12 million children in 2024.

The project partners with local churches across the globe to deliver these tangible expressions of God's love to

City of Livingston avoids major water emergency

Judge fights for city

By: Mike French
Editor

A serious situation last week, that could have left over 200 Livingston water customers without service indefinitely, was mostly averted.

Local officials leapt into action after Woods Creek Water District turned off the water supply to the City of Livingston at about 3:30 Tuesday afternoon. Television news crews began showing up in Livingston on Wednesday morning.

"I talked to Woods Creek officials and they said they hadn't received

any payment since August and they had simply had enough," said Rockcastle Judge/Executive Howell Holbrook, Jr. However, Livingston Mayor Sandi Singleton and City Clerk Samantha Smoker said they had never missed a payment since they took office in 2023 and had mailed \$6,000 to Woods Creek in October. "Our water bill is up to date. All this past due money is from previous administrations. We took over in January of 2023 and inherited all this water debt," said Singleton. "We are trying to get

it taken care of and we were told everyone was satisfied with our arrangements. Suddenly, they turned us off."

However, officials at

Woods Creek informed county officials that they had sent a certified letter months ago to the City of Livingston explaining the water would be turned

off if payment was not received, according to Rockcastle County Judge Executive Howell Holbrook, Jr.

The issue started just

Former mayor explains Livingston water problems

By: Mike French
Editor

The problem with the water system in Livingston stems from years ago, according to former Livingston officials.

"Past mayors, before me, dug out of their own pocket several thou-

sands of dollars to fix problems with the water system here, and to pay Woods Creek. But after that, no one could really afford to pay out of their own pocket to keep Livingston's water system up and running," said past Livingston Mayor Jason Medley.

Medley explained that there are only about 200 customers on the water system in Livingston. "Two hundred people is just not enough to operate in the black," he said. "There is no room for even the smallest problem."

(See "Explain" on A5)

before 2006 and again in 2018, according to several officials with KIA (Kentucky Infrastructure Authority,) and past mayor and water superintendent Jason Medley as well as current mayor Singleton. "When I first became involved with the city (as commissioner) Livingston was behind about \$40,000 in water payments and though we were paying them each month, the bill continued to rise," said Singleton.

City Clerk Samantha Smoker said the overdue bill had been up to \$89,000 with penalties and interest and other

ramblings...

by: perlina m. anderkin

I was extremely happy when Trump won the Presidential race and I certainly don't expect that to be a surprise to anyone who has ever read this column (if it is than I will consider myself having failed miserably).

But, that being said, I have also been very unhappy since the election results were known because I have been insulted nonstop by the left - mainly by women but men also. I have been threatened with being struck in public if I'm not wearing a blue bracelet, or have cut off all my hair or am wearing a mask -- all supposed signs that I voted for the wonderful, smart, beautiful, exceptional Kamala (with that "wonderful" 15-year-old giggle) instead of the tyrant Trump who intends to enslave every American on day one of his administration. There, I managed to type that without throwing up -- just barely -- but I managed.

The amazing part is that Harris voters, and 98% of the mainstream media, decided that I didn't vote for Kamala because I am 1) racist 2) a misogynist (whatever in the heck that is) 3) just too uneducated to see the advantage of voting for the first black woman running for President and 4) a white supremacist. Well, one thing evidently the left cannot understand is that the vast majority on the right simply vote for the candidate that most aligns with our view of what our country should look like.

I have often disagreed with Trump on his manner but I have NEVER DOUBTED that he loves this country completely and I have NEVER DOUBTED that Kamala Harris spent her entire 107 days available for campaigning (after the Dems kicked Joe to the curb) to try and convince the country's voters that she was actually NOT the MARXIST that she had shown herself to be over and over. For years, she advocated constantly for banning guns, banning fracking, compared ICE agents to the KKK, announced her support for sex change operations for inmates and illegals at taxpayer expense, espoused her support for censoring social media platforms because of "their" misinformation, allowed millions upon millions of illegals to cross our border after being appointed by Biden to be in charge of it -- of course, we all knew what that meant -- wink, wink -- to not disturb the status quo but continue with the administration's open invitation to unvetted illegals issued the day of Biden's installation.

There are many, many more abominations against our country but I would have admired her more (truthfully, just a tad) if she had stuck to her Marxists ways instead of IMMEDIATELY trying to turn herself into something she isn't, a Patriot!!

And I refute the accusations flung at Trump voters, such as myself, every second of every day that I simply don't want a woman President. I would gladly vote for Tulsi Gabbard or Candace Owens, and there are others, if they were a candidate for President because I know they would not be running to finish the destruction of our country that the Dems have moved along so nicely the last four years.

I will tell you right now that the four years Trump was in office were very satisfying years for me and would have been totally satisfying if the Dems hadn't spent the entire time making it their life's work to try and destroy the man.

(Continued on 3)

LETTERS TO THE EDITOR

Thank you...

Dear Editor,
Mount Vernon Elementary would like to say a special thank you to the following churches, businesses, and volunteers for their participation in our 2024 trunk-or-treat event:

KFC, Marathon, Wendy's, Rocket Wash, First Christian Church, Rockcastle Regional Hospital, Higher Praise Ministries, McGuire Music and More, Coffey and Ford Attorneys at Law, Miller Custom Boutique, Woodman Life, Save the Children, Western Rockcastle Water, First Baptist Church, Rockcastle County Central Office, Rock Therapy Associates, Rock Peds, Mt. Vernon Paw Spa, Kiwanis, Mt. Vernon Animal Clinic, EST Tools and Machine Inc., Platinum Equine Auction, Country Flowers, MVES FRC, MVES Unite, One Source Exterior Group, Rockcastle Public Library, Limestone Grille & Bar, All Around Flooring Services, LLC, Flat Rock Baptist Church, Northside Baptist Church, Eagle Outfitters, Taco Bell, SRO- Officer Jeff Parker, and Darren Smith.

Again, we would like to thank you for making

It was one very busy week for me. The election, the Livingston water situation and the Attorney General's decision, added to my regular weekly duties, have given me another ulcer and a sore back. I couldn't even keep my phone charged because I was on it so much that the charger wouldn't keep up. But Thursday and Friday I was as sick as I have ever been. I don't even remember Friday. What a time for a virus.

Seeing my running lifestyle this week, three different people asked me how I got into the life of a journalist. One good friend told me this week that I remind them of the old typical reporter leaned over the old wooden press with a reporter's hat and a news badge hanging around my neck with a cigar hanging from my lip, screaming "STOP THE PRESSES!" They don't know that other than the wooden press, I've done all that.

I first fell in love with

our trunk-or-treat a fun and memorable event for our students and our community.

Mount Vernon Elementary School

Aces Over

By: Mike French

journalism watching *Kolchek: The Night Stalker* in 1974. I never missed an episode and I fell in love with the whole idea of journalism over that summer. I became completely enthralled with the whole idea of the First Amendment and what reporters do. Somehow that summer, journalism became my life's first love and I became bound and determined to become a reporter.

I bugged the owner of our hometown newspaper where I lived then until he gave in. They didn't have a job opening but I went there every week (sometimes twice per week) for over three months. Every week, without fail, "has anyone quit or retired yet?"

Finally, I'll never forget what the publisher, Randall Shew, told me that day in 1979. "If you are as tenacious at doing your job as you are at getting a job, I have to have you on my staff." He honestly created a position at the newspaper that didn't exist until that day just to hire me. So, I looked up the word "tenacious" and went to work.

Even as a teenager, with my "old fashioned" approach and attitude and no college education at the time, it was about two years in that I became known as "Ace," because it was an old-fashioned news reporter term, and that was my nickname from that day. The name tag on my

T.J.'s Journal

By: Tonya J. Cook

Looking into the Future
Dear Journal,

This is a coolish, rainy fall day; just the kind that makes you want to stay close to home and curling up with a good book or a good classic movie wouldn't be a bad idea, either. This afternoon, Stanley went out for a few things that we needed and much to my delight came back with some apple cider.

As the evening wore on, the rain picked up and it began to get dark. Evenings like this make me believe more and more that even the smallest glimmer of hope for a few more warm and sunny days is gone. A mug of hot apple cider is just the trick on such a day.

As I look ahead to the remainder of the fall and the rapidly approaching winter, I wonder what it will bring. I'm always hop-

ing to do some of the things on my bucket list. None of them involve massive requests, overseas extended vacations and the like. I'm just a simple person who has a few simple pleasures in mind that I'd like to do before my time is gone. I wonder if anybody else is like that.

I've thought for years that I have at least one good novel in me. I'd like to start painting again. I'd like to take a trip to North Carolina to see my father's side of the family. The last time I was there was in 2007. Several of them have passed away since then. Winter is an inspiring time, at least to me, to write poetry. Maybe this winter will be a good time to start. However, I need to find peace and comfort within my soul to be creative. Maybe it will be this year.

Suicide Warning Signs for Youth

It's time to take action if you notice these signs in family or friends:

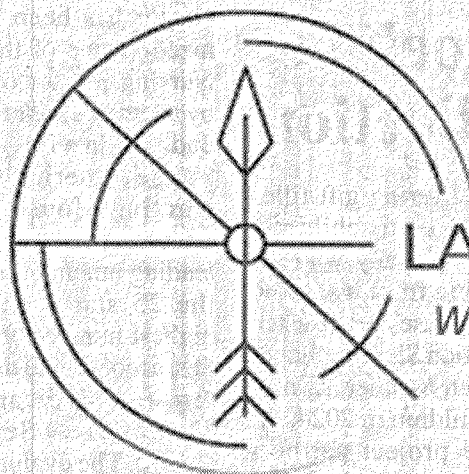

1. Talking about or making plans for suicide.
2. Expressing hopelessness about the future.
3. Displaying severe/overwhelming emotional pain or distress.
4. Showing worrisome changes in behavior, particularly in combination with the warning signs above, including significant:
 - Withdrawal from or changing social connections/situations.
 - Changes in sleep (increased or decreased).
 - Anger or hostility that seems out of character or out of context.
 - Recent increased agitation or irritability.

If you or someone you know is struggling or in crisis, help is available.

Call or text 988 or chat 988lifeline.org, or reach out to a mental health professional.

ramblings...

(Continued from 2)

There was never any chance of me voting for Kamala, short of the Dems taking my entire family hostage and threatening me with their lives.

And now, the news from the Dems is all about the unelected bureaucracy, civilian and military, meeting in secret to try to circumvent any policies that Trump might put in place as the Commander in Chief that they don't like.

And, don't you dare tell me that he wasn't the best President we've ever had to fulfill his promises in his first term. Even Reagan and George H.W. Bush (of whom I am no longer a fan or of his son either) fell victim to the Dems chicanery. Reagan made a deal with Congress to allow amnesty for over 11,000 illegals in exchange for the border wall being constructed -- well we all know that didn't come about, except for the amnesty, of course.

GHWB vowed "no new taxes" during his campaign which helped him to win and it got his butt beat when he caved on that promise.

I, personally, cannot wait until January 20th gets here and Trump unleashes Elon Musk and Robert Kennedy, Jr. to take our 439 agencies to task (Elon's area of expertise is cutting waste thus his firing of 80% of the employees at Twitter immediately) and Kennedy will reportedly go after the WHO, the CDC, the FDA, etc and the pharmaceutical giants who have done nothing except deliberately contribute to the general decline of our

health and well being (not to mention the 10s of thousands they injured and killed with their "Vax.")

I also cannot wait until Trump goes to war against the Mexican Drug Cartels, to whom our present regime has ceded control of our southern borders and to whom we are losing 100,000 young people a year from the cheap Fentanyl they are bringing across our border (which is manufactured in China, don't you know!).

One of the first things the Biden-Harris administration did when they came into office, besides destroying Trump's successful border policies, was to dismantle the department he had set up to successfully take down child sex trafficking organizations in our country and stopped the DNA testing that Trump had ordered of the children and the adults they were being brought into this country by. At that time, there were 650 children missing from the border and Dems were horrified. Right now there are over 320,000 and it's being met with a ho-hum attitude by Dems

One good thing recently was FEMA getting caught out for discriminating against Trump supporters after Hurricane Helene hit Florida. A supervisor reportedly told FEMA employees (in writing no less) who were responding to the scene to not help any homes that had Trump signage out. She has been fired, according to latest reports.

This came out pretty quickly after the hurricane struck and we were immediately told by the

MSM pundits that it was a complete lie and only being spread by right-wing zealots. Well, IT WASN'T. What it was was a prime example of the disdain this regime holds for over half of the American public that does not fall into lock step with their view of what our world should be. You know, killing babies up to birth (and running a booming business harvesting their organs), letting boys/men into girls'/women's restrooms and locker rooms, letting "trans" women participate in and destroy women's sports, allowing millions of unvetted military age men to invade our country, taking children away from parents (at least in California) and granting them medications and sex change surgery, allowing "trans" men into women's prisons and women becoming impregnated as a result and there's more but deadline nears.

It's an exciting and scary time right now. The Dems will not relinquish power civilly so expect some battles royale in the next few months.

Aces

(Continued from 2)

desk here at the *Signal* says "Mike 'Ace' French." As I got older and changed newspapers, people stopped using the nickname but I still use the name tag. It is why my weekly column is called "Aces Over".

As it turns out, like my father before me, I fell in love with a profession and stuck with it. I believe in the idea and the service I help provide with all my heart.

So, for 45 years I have stayed with it. Yes, I was there when we had to print headlines on tape and print stories on 8-1/2 by 11 sheets of paper and then cut the story out with scissors and glue it onto the huge page. Yes, I created darkrooms and developed the black and white film and printed proof sheets for the managing editor. I cut red plastic sheets with exacto knives for color on advertising. I have won a bunch of state awards in journalism back then and attended journalism conferences across the nation. In those years I have been sports editor, news editor, photographer, reporter, typist, dark room technician, advertising salesman, composition worker, lay-out and design manager, floor sweeper/janitor, front door clerk, publisher, owner and public relations flunkie. There isn't much I haven't done in newspapers but it is because I love it and my dad taught me about work ethics and being willing to do whatever it takes.

I fully believe in journalism as one of the most important jobs in America. I believe it is the checks and balance system that keeps government in check and society informed and is the backbone of a free nation. I also have never had aspirations of being a "star reporter" at the *New York Times*. I am convinced that old Fred down in the holler has exactly the same right to know how his tax dollars are used as the Wall Street executive. The amount is not important, the principle is. I believe the kid that won the scholarship is exactly as important as the President's son and someone's drugged up friend should have the same coverage as Nancy Pelosi's drunk husband.

I love small towns and I love journalism. Hence, small town journalism is having my cake and eating it too.

So I'll help make sure everyone knows how the election went and what happened to Livingston's water and what happens with the attorney general next. That's my job. Yes, I may make an error somewhere but I am going to try hard not to. No matter what I write, someone won't like it. It comes with the job.

It has been a good ten years here in Mount Vernon and I hope for at least 10 more. But as my friend suggested this week, I will never stop doing this as long as the Lord allows it. I think I am going to offer ad space on the back of my tombstone and the front will be the story of my passing. I hope someone puts my byline on the stone.

Drilling for Oil
Come and listen to my story
'Bout a man named Jed
A poor mountaineer,
Barely kept his family fed.
And then one day
He was shootin' at some food,
And up through the ground came a-bubblin' crude.
Oil that is, black gold, Texas tea.
Well the first thing you know
Ol' Jed's a millionaire,
Kinfolk said "Jed move away from there".
Said "California's the place you outta be".
So they loaded up the truck
And they moved to Beverly.
Hills that is, Swimming pools, movie stars.
Well now it's time to say
Goodby to Jed and all his kin,
They would like to thank
You folks for kindly droppin' in.
You're all invited back again to this locality
To have a heapin' helpin' of their hospitality.
Hillbilly that is, sit a spell, take your shoes off.
Y'all come back now, y'hear!

ests who are giving the "go" sign. Twenty thousand acres have been leased in' this territory and before the operations are finished it will be definitely known whether this county has oil or gas and to what extent because samples are being removed every few feet and analyzed by a geologist and they will also be sent to the University of Kentucky for further analysis. Mr. Dorst said that after they "were through with the several wells to be drilled no other prospector would find it worthwhile to test the formations in this territory. The well at Mr. Hopkins' farm is now at a depth of 600 feet and the Mississippian, Devonian, and Silurian formations have been tested. The drill is now in a mud silica which in many areas is oil-producing. The well will probably reach 1600 to 2200 feet before it is given up as a dry hole. In that case, it will be sealed and another one started."

There are several abandoned or orphaned oil wells in Rockcastle County. It is believed that there are more than 15,000 abandoned wells in Kentucky. Some date back to the Civil War, others as recently drilled as the 1960s. In fact, Kentucky has some of the highest numbers of documented orphan wells with more than 14,000 wells.

I have always associated oil with the Middle East or at least Texas, but not Kentucky, and much less Rockcastle County. According to the website, eia.gov, "Kentucky accounts for less than 1% of US proved crude oil reserves and production..." but about half of the counties in the state do have producing oil wells, most are located in eastern and western Kentucky.

Unfortunately, there are no reports of any Rockcastle Countians striking it rich from oil production. There are no stories of any of our uncles striking it rich and heading off to Beverly Hills, but there was a time when the prospect was a consideration.

Frank Crabtree

Charles Frank Crabtree, 91, of Berea, passed from this life joining his Lord and Savior Jesus Christ in Heaven on Friday, November 8, 2024. He was born in Bowlegs, OK on November 12, 1932, the son of Charlie and Ina Crabtree.

Frank accepted Christ as his Lord and Savior as a young man and continued to grow in his love and commitment to Christ and His Word. Upon his passing, Frank was a member of Gethsemane Baptist Church in Berea.

Frank served in the US Army 1950-52 as a Tech. Sgt. He graduated from Oklahoma Baptist University, then attended Golden Gate Theological Seminary. His career path included Supermarket Manager, Regional Manager for Frito Lay, Roofing Contractor, Executive Recruiter, and School Teacher. Frank married Mollie Dean Brinlee on December 20, 1952, and became the proud father of six children, Charles, Allen, Cathy, Patrick, Lisa and Paul.

He is survived by his children, Charles and Marilyn Crabtree of Mt. Vernon, Allen Crabtree of Asheville, NC, Cathy and Don Mashburn of Marion, KS, Patrick and Kelli Crabtree of Claremore, OK, and Lisa and Patrick Callahan of Corbin. He is also survived by 36 grandchildren and 36 great grandchildren. He was proceeded in death by: his wife of 71 years, Mollie Crabtree; a son, Paul Russell Crabtree; and two grandchildren, Stephen and Rachel Crabtree.

The family chose cremation and will hold memorial services at a later date.

Arrangements were by Dowell & Martin Funeral Home.

Is It Really Your Choice?

Through the years I have encountered many people who said they were shopping for church. Maybe they had moved to new community or been an upheaval at their "old church" and they were looking for something new. Most folks arrive like shoppers in the mall with a list of preferences and expectations:

- 1.They want a "friendly church" church where many people will seek them out and make them feel special.
- 2.They want a church that is conveniently located near their homes for convenient access.
- 3.They want the preacher to be dynamic and charismatic and stir the souls of men with emotionally charged sermons punctuated with humor.
- 4.They also want a church with a full social schedule. Special get-togethers must occur regularly, and they especially want many special events to keep the children involved. They may want a "children's church" so the adults can worship without distraction.
- 5.Many are looking for programs in which they can personally become involved with some one coordinating all the activities.

While these factors can affect decision-making, it seems to me that the wrong person is in control. On the one hand we declare that we are "servants to Christ" but on the other hand we act as the "boss" to decide what pleases us. Should it not be a matter of what pleases Christ, and we will do all we can to follow will? After all, he is the one who died to purchase it. (Acts 20:28). He established the church and dictated its work and worship.

The preacher is just the messenger, "How beautiful are the feet of them that preach the gospel of peace and bring glad tidings of good things" The emphasis is on the Word, not the messenger.

I should be concerned about finding the church that was talked about in the New Testament, that is teaching the truth. Then I can assume my role in making it all that it can be by my efforts to support its activities. My choice must be the Lord's choice. It is his opinion that counts.

Everyone Welcome

"Walk of Honor" Fundraiser

The "David M. Smith" American Legion Post 71 and the Veterans of Foreign Wars Post 5908 are holding a brick fundraiser to construct a "Walk of Honor" at the recently opened Rockcastle County Veterans Park.

Engraved bricks will be the foundation and will honor Rockcastle County Veterans, past and present. Order forms will be distributed by members of the two organizations. If you have any questions or would like an order form contact Richard Bobo at (606) 308-2271 or email boborichard719@gmail.com.

**Commonwealth of Kentucky
28th Judicial Circuit
Rockcastle Circuit Court • Division I
Civil Action No. 24-CI-00059**

Palm Oakes Receivables Corp. Plaintiff

V.

Karl Pittman aka Karl Wayne Pittman, et al Defendants

NOTICE OF SALE
Pursuant to a judgment and order of sale entered in this action on October 3, 2024 for satisfying the judgment entered in favor of the plaintiff against the defendants in the amount of FOUR THOUSAND SEVEN HUNDRED EIGHTY FOUR DOLLARS AND 93/100 (\$4,784.93) plus interest, costs and attorney fees. I will offer at public auction the hereinafter described real property in Rockcastle County, Kentucky.

**At the Courthouse on East Main Street
Mt. Vernon, Kentucky
on Thursday, November 14, 2024
Beginning at the Hour of 10:00 a.m.**

Said real property being more particularly described as follows:

The real property is located at 167 Briar Rose Road, Mt. Vernon, KY 40456 and is more particularly described as follows:

Beginning at a point, being a corner to Charlie Brock and Travis McCoy and being 150 feet east side of Wesley Drive; thence in an easterly direction 150 feet to a stake; thence is a southwesterly direction 197 feet to a stake; thence is a westerly direction 120 feet to a stake, being a corner with Charlie Brock and grantor; thence is a northerly direction 165 feet to the point of beginning and containing one-half (1/2) acre. There is also herein conveyed an easement for egress and ingress along an existing gravel road that intersects with Freedom School Road. The easement is 15 foot in width.
KENTUCKY MAP ID 008NE-02-007

Being the same property conveyed to Karl Pittman aka Karl Wayne Pittman, married by deed dated June 30, 2015 and recorded at the Rockcastle County, Kentucky, County Clerk's Office in Deed Book 252 at Page 427.

The property shall be sold upon the following terms & conditions:

1. The real property shall be sold together as a whole.
2. The real property shall be sold for cash or upon a credit of thirty (30) days with the purchaser(s) required to pay a minimum of ten percent (10%) of the purchase price in cash on the date of sale and to secure the balance with a bond approved by the Master Commissioner.
3. The bond shall bear interest at the rate of (12%) per annum until paid in full. The bond shall have the force and effect of a judgment and shall be and remain a lien upon the property sold as additional surety for the payment of the purchase price.
4. The purchaser shall pay the 2024 local, county and state property taxes.
5. Unpaid delinquent State, County and/or City ad valorem real estate taxes owed to those government entities, and not sold pursuant to the provisions of KRS Chapter 134 to any private purchaser during the pendency of this action shall be paid from the sale proceeds.
6. Full satisfaction of the judgment shall be paid from the proceeds of the sale.
7. The purchaser shall have possession of the real property upon compliance with the terms of the sale.
8. In the event the plaintiff is the successful bidder, and the sale price does not exceed the amount of the judgment, no deposit or bond shall be required.
9. The sale shall be made subject to all easements, set back lines, restrictions or covenants of record or otherwise and shall be sold "as is".

Vote

(Continued from front)
58.8% (2,087,317) of Kentucky voters cast their ballot while 61.6% (7,789) of Rockcastle Countians voted. Only 34% (4,319) of registered Rockcastle voters went to the polls in 2023.

In Rockcastle County, Trump received 6,635 votes while Harris received 986.

Hal Rogers was unopposed for his seat as Kentucky's Representative in the 5th district and Senator Brandon Storm was also unopposed for his state 21st district office. Both candidates received well over 6,000 votes in Rockcastle County.

Kentucky State Representative Josh Bray easily dominated his democrat opponent in both Rockcastle and Pulaski Counties as well as district wide. In Rockcastle County Bray received 6,549 to Rachele Riddle's 983 while in Pulaski County Bray received 2,365 to Riddle's 316 and in Laurel County Bray received 1,688, to Riddle's 236. District-wide, Bray received 15,168 to Riddle's 4,350.

Eliza Jane York retained her position of Circuit Court Clerk with nearly 7,000 votes and David Dalton kept his seat as Commonwealth Attorney with 6,546 votes in Rockcastle County and over 41,000 in the 28th district. Both were unopposed.

Three Rockcastle School Board members were also on the ballot but all three were unopposed. Angela Woods, Lisa Cornett and Matt Chaliff were each re-elected to their seat on the board.

Mount Vernon voters elected to allow medical cannabis facilities in the city limits in a 505 to 355 vote.

According to County Clerk, Danetta Ford-Allen, there were 384 mail-in votes cast and 94 Rockcastle Countians voted early with an excuse. During the three-day early voting with the no excuse needed voting, 2,498 Rockcastle Countians cast their ballot at the courthouse. On election day, there were a total of 4,813 votes cast at the five voting locations. A total of 7,789 of the 12,642 registered voters in Rockcastle County cast their ballot in the 2024 general election.

Act

(Continued from front)
an attorney and file suit. "I believe it would require a citizen to file suit to challenge the issue on the ballot," she said.

When Governor Andy Beshear announced the Cannabus issue, cities and counties were given four options. Entities could allow such facilities, forbid such facilities, place the issue on the ballot or take no action. Local cities that took no action would be effectively adopting the county's decision to forbid such facilities, according to officials.

The City of Mount Vernon voted to place the issue on the ballot. According to Allen, the city has the option of acknowledging the violation and withdrawing their vote to place the issue on the ballot, or a citizen may hire an attorney and file suit. "I don't

really see either happening," Allen said. "I really don't know what to expect will happen at this point."

Though the issue of medical cannabis facilities locating in Mount Vernon was placed on the ballot during what the Attorney General has determined to be an illegal meeting, local officials say the vote will count unless more action and expense is taken by individuals or entities.

Still, many believe it is unlikely such a facility will locate in Mount Vernon since state wide, 48 dispensaries are expected and officials say over 5,000 applications have already been received for those licenses available.

Shoebox

(Continued from front)
children in need. Participants can donate \$10 per shoebox gift through "Follow Your Box and receive a tracking label to discover its destination."

The local location for such donations is the First Baptist Church in Mount Vernon at 340 West Main Street.

Operation Christmas Child is a project of Samaritan's Purse and seeks to demonstrate God's love to children in need around the world. Together with local churches operation Christmas Child has collected and delivered more than 220 million gift-filled shoeboxes to children in more than 170 countries.

See the advertisement inside this week's issue of the Signal for dates and times to donate and help countless children around the world.

Best

(Continued from front)
training level and the number of on-duty personnel.

Accreditation Score: Data on nursing homes provided by The Joint Commission (TJC) and Commission on Accreditation of Rehabilitation Facilities (CARF) was utilized to comprise an accreditation score.

Resident Satisfaction Score: Evaluations from residents and relatives were included for each nursing home. Based on the available data, nursing homes received a resident satisfaction rating between zero and five stars.

"This recognition is a tremendous honor that reflects the hard work, dedication and compassion of our entire team," said Stephen A. Estes, president and CEO of Rockcastle Regional Hospital and Respiratory Care Center. "This accolade reaffirms our commitment to providing the highest level of care to our residents, and we remain devoted to making a meaningful difference in the lives of those we serve every day."

Rockcastle Regional was one of only five facilities in the state of Kentucky to be named to the list for facilities with 100-149 beds.

Explain

(Continued from front)

According to Medley, when the first big water leak occurred in Livingston, around 2006, the city had barely made enough profit to pay that monthly water bill off. "But then we had that big line break," Medley said. "Now all of a sudden the

city had to take the money the city charged customers for the water they used, and pay off contractor after contractor to repair the leak, plus pay for the water the customers used, plus pay for the thousands of gallons that poured into the river because of the leak. There was no way to pay it all."

So, the city fell behind on its payments to Woods Creek. "Then it happened again and again. We had leaks every month that had to be fixed or else no one anywhere got any water at all."

Medley said each month penalties and fees were added to the past due amount and then when customers paid their bill, another water line break would occur or a valve, costing thousands, would stop working. "When a city makes a couple hundred dollars of profit for water per month, there is no way to catch that up," he said.

Over the years, Medley said the breaks continued and the bill grew until Woods Creek was no longer willing or able to forgive the debt.

Medley says he agrees with the KIA (Kentucky Infrastructure Authority) when they suggest "the city does not need to be in the water business."

According to Medley, the problem cannot be fixed until "A big amount of money is spent upgrading the system. And I mean a big, big amount," he said. "With the current system, lines will continue to break and the city will not have money to repair them."

Medley says he hopes the situation gets better but something must change first. "We were never out of water last week. Our tank was full. But this will continue to happen and it isn't really the fault of any one person. We are trying to keep water for everyone in our town and it is a day to day struggle," he said. "People talk about 'those people down in Livingston' but we are all one county and Sandi (Singleton, current mayor) Dwane (King, former mayor) and myself and the mayor before me have worked just as hard as anyone else to do the right thing."

Medley says he is proud of his city. "We love our town and we all want what is best for everyone in Livingston," he said. "Still, the truth is the truth. Livingston doesn't have the customers to run a water system and doesn't have the funds to fix the problem."

Water

(Continued from front)
fees. Currently, KIA officials say the overdue amount to Woods Creek is \$114,000, including some work done on a Livingston water line.

"My only concern is that there are a lot of people who paid their water bill every month and did nothing wrong and suddenly their water is off," said Holbrook. "I don't know where the money went or what happened. I am just focused on getting the water back on for these people who have been paying their bill."

Singleton and Smoker say they had applied for KIA grants to pay the overdue amount and Singleton said the City of Livingston had informed Woods Creek of that plan.

Kentucky American Water (KAW), who purchases water from the City of Livingston and then resells that water to some customers in the Sand Hill area, purchased bottled water and distributed it to

residents who were affected.

However, in an unexpected twist, Singleton and Medley say the water flow to Livingston never stopped. "Apparently thinking we had no water, they (KAW) turned off their pumps taking water to Sand Hill," Singleton said. "It would have damaged their equipment if the pumps were on and there was no water, and they were told we had no water. What they didn't know was, there was water."

Singleton said Livingston customers were "never without water because the water tank still had water for several days of normal usage." Plus, according to Singleton (for reasons she couldn't explain), water continued to flow to Livingston. "As a matter of fact, we had to turn the water off at the tank by Friday, because of over-run, six hours before Woods Creek turned the water back on."

Still, since Woods Creek Water District had officially turned the water off, officials scrambled to have water turned back on for the community.

According to Kentucky State Representative Josh Bray, he had sponsored HB-553 which placed \$150 million with the Kentucky Infrastructure Authority (KIA) for struggling districts who had such emergencies just last year.

In another twist of timing, the November meeting of KIA to discuss distribution of such funds was set for last Thursday.

Holbrook immediately traveled to Frankfort to attend that meeting, pleading with KIA to provide a grant that would pay Woods Creek enough to turn the water on again. Holbrook spoke at the meeting on behalf of the City of Livingston asking for help while negotiating with Woods Creek on the phone. Holbrook had declared a State of Emergency allowing Livingston officials to apply for emergency grant funds to pay Woods Creek.

Several speakers with KIA expressed concern originally speaking out against providing the funds. "Before I can vote for this, I need to know where the \$114,000 owed to Woods Creek went," said one board member. "I see a pattern here and bailing them out won't fix the problem. They would just need it again in six months." Another member asked about Livingston's financial condition. "Obviously Livingston does not need to be in the water business. This is not a healthy asset and I encourage us to look into where this money went," he said. Officials say the Public Service Commission is

currently investigating the issue.

A KIA statement after Thursday's meeting said, "It was revealed that the debt (owed to Woods Creek) dates back to before 2021 when an individual or individuals collected over 200 residents' water fees and allegedly used the funds toward other expenditures. This resulted in a \$114,000 debt to Woods Creek Water District. There is an open investigation through the Public Service Commission."

However, after more discussion, negotiations with Holbrook and the water supplier, the company agreed to accept \$57,000 immediately to turn the water on again and in six weeks the remaining \$57,000 would be due or the water would be turned off again.

After more negotiations with KIA and Woods Creek, Holbrook said KIA agreed to provide the \$57,000 grant to pay Woods Creek. However, before the next \$57,000 is released, the city must meet with the Division of Water and work out a detailed plan to prove this situation will not arise again. If such a plan is established, KIA may pay off the past due bill in full, according to Holbrook.

By Thursday midday, during the KIA meeting, Woods Creek officials said they had just received the \$6,000 check that Singleton and Smoker said they mailed over a month ago.

By late Thursday, Woods Creek had agreed to turn the water on again and Livingston officials

had agreed to meet with the Division of Water to work out a long term plan to avoid such problems in the future.

Holbrook said there is currently a Public Service Commission investigation into where the funds were used that were supposed to pay Woods Creek's water bills over the years. However, officials say the investigation may be on hold since the Livingston City computer system was confiscated nearly a year ago by the Rockcastle County Sheriff's Department as part of another investigation concerning the use of other grant funds.

Senator Brandon Storm, Bray and Holbrook worked closely with Singleton, Smoker, KIA and Woods Creek to find a solution. "We can't express how much we appreciate those who helped us get this taken care of," said Singleton. "We were never without water and we have the time stamped photos of the water tank to prove it. But we need to get this past due bill taken care of. I'm not blaming anyone we just want this problem taken care of so that we can move forward as a city."

Holbrook returned from Frankfort after the full afternoon of meetings to inform the public of the outcome. Officials say the water service was turned on again Thursday afternoon. "All I am focused on right now is making sure that 200 people have water. They can worry about why and who later. But today (Thursday), people in Livingston have water."

Rockets defeat Estill in first round of playoffs

By: Chad Hensley
The Rockcastle County High School football team has advanced to the second round of the KHSAA Class 3A playoffs after the Estill County Engineers failed to handcuff lighting or throw thunder in jail as

the Rockets coasted to a 54-19 win. With the win, Rockcastle advances on to the second round and will have to make a 3-hour trek into Pike County to take on the Belfry Pirates as well as having locked up a back-to-

back 10-win seasons for the first time since the 2005-06 seasons when legendary head coach Tom Larkey was at the helm of the Rockets.

"Winning 10 games this year is just a testament to how hard these kids have worked," stated current head coach Chris Larkey, who is only in his third season leading his alma mater. "We are two plays from being 11-0. But our kids work hard and get pushed so hard each day and the expectations put on them are unreal. It's about winning for our county and fans. It's what makes our program have the tradition it has had. It gives our fans bragging rights on a lot of schools and that is what makes our kids work so hard. They know what it means to our county."

As for the victory over Estill County, it was the thunder and lightning duo of Carter Powell and Isaiah Jackson that gave Rockcastle a 14-0 lead after the first quarter before ferocious scoring barrage in the second quarter to cause the Engineers season come to a grinding halt.

"I thought our kids came out a little flat," Larkey mentioned after the Rockets starters hadn't played much over the last few weeks due to blowout victories. "Whether it be overconfidence or looking ahead, I'm not sure, but they finally decided to play and took care of business. Offensively we didn't miss a beat and probably had the best game of the year getting over 500 yards of offense. Our offensive line

blocked great and the running backs did a tremendous job running. We were able to line up in different sets and do a lot of things."

It was that combined effort by everyone who played on the offensive side of the ball that allowed Rockcastle to chew up 507 yards of total offense on just 44 plays with 422 coming on the ground in 34 plays.

Powell had arguably the best game of his career with 234 yards on just 10 carries and score three touchdowns. The senior fullback would join Jackson is the 1,000-yard rushing club with his efforts against Estill County as well as adding one reception that would go for three yards and a touchdown.

Jackson, who gained

entry into the 1,000-yard rushing club last week, matched Powell with three rushing touchdowns and would finish with 11 carries for 119 yards. He would add on three receptions for 37 yards.

"Both Carter and Isaiah have rushed for over 1,000 yards this season and that's quite an accomplishment for a team to have two kids do that," mentioned Larkey. "It's hard to focus on one kid when the other is liable to break it. Its just a luxury to have two tough and fast kids. Our offensive line has gotten a lot better once they started taking and figuring out each other. Its not as easy as some think. It takes time to get it all worked out."

The scoring would start at the 7:43 mark of the first quarter when

Jackson plowed his way into the endzone from three-yards out.

After a strong defensive stand allowed the Rockets to get the ball back a few moments later, Powell staved off one tackle at the line and three more at midfield before breaking away for a 69-yard scoring run to give the Rockets a 14-0 lead with 3:37 left in the opening stanza.

Estill would try to keep things on track for a comeback and gave a valiant effort, but anytime the Engineers would do anything in the second quarter, the Rockets would answer right back.

Estill got on the scoreboard on the first play of the second quarter, but was answered

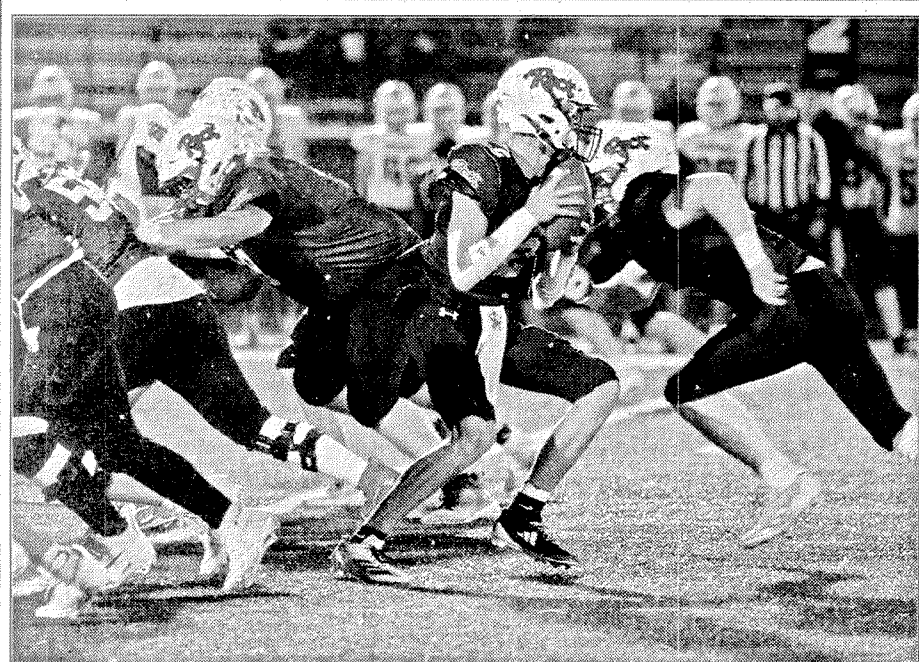

(Cont. to page 9)

Blake Mullins makes a tackle during the Rockets' win over Estill County.

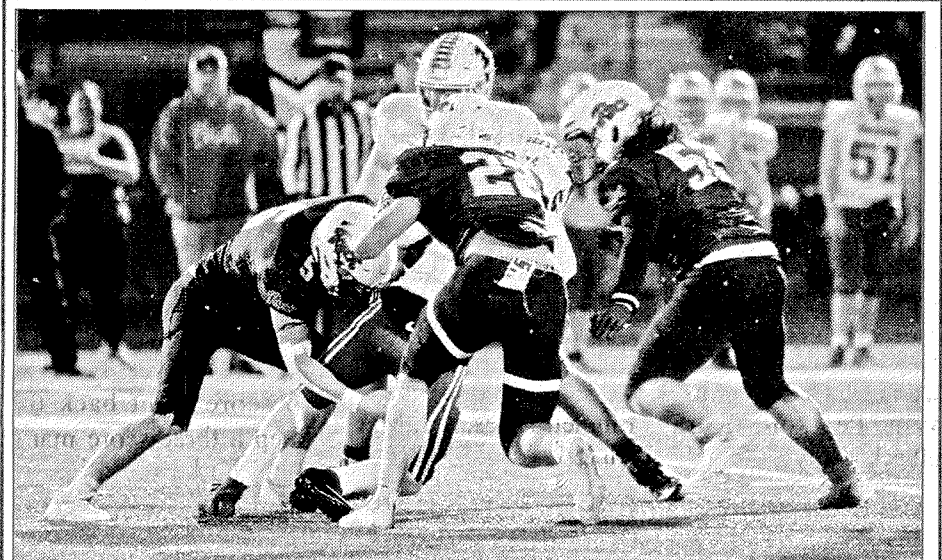

Benjamin Brenda made six of seven point after attempts in the Rockets' 54-19 victory over Estill County in the first round of playoff action.

Quarterback Caden Lovell prepares to handoff during the Rockets' win over Estill County. Lovell completed seven of eight passes for 72 yards and a touchdown and had two rush attempts for 20.

Jace Bowles picks up a quarterback sack during the Rockets' win over Estill County. Bowles had four tackles, three solo and an assist, in the win.

Hunter Pingleton, Creed Gabbard and Heath Barnes make a stop during the Rockets' win over Estill County. Pingleton had 12 tackles, eight solo and four assist. Gabbard had four tackles, three solo and one assist including two quarterback sacks. Barnes had five tackles, one solo and four assists and one tackle for a loss.

Carter Powell goes in for one of his four touchdowns in the Rockets' win over Estill County. The Rockets now travel to Belfry for a second round clash with the Pirates. Game time is set for 7:00.

Cam Smith, Jai Denny and the rest of the Rocket offensive line prepare to block for an extra point by Benjamin Brenda.

“Rockets”

(Cont. from page 8)

back just 0:22 seconds later when Jackson took the toss from quarterback Caden Lovell around the left side and raced along the sideline before breaking a couple tackled a scooting his way in for an easy 62-yard score.

Just 0:21 was all it took for Estill to answer back after the Engineers got outstanding field position from a poor play from the Rockcastle kickoff team. The Engineers would get a 4-yard scoring run to make it 21-13 with 11:12 left in the second quarter.

Powell respond with another long touchdown run from his fullback position less than a minute later as he took the handoff on the trap play and busted through a gaping hole opened by the offensive line and raced untouched into the endzone from 72-yards out.

After four touchdowns in less than two minutes of action in the second quarter, it seemed like an eternity before either team scored again, but it was only a little over six minutes of gameplay before Powell would score in a 43-yard run with 3:56 to go before halftime.

Estill County's Jax Niece would score his third touchdown of the night with 1:53 to go in the second quarter, but per usual, his touchdown was immediately answered back with a Rockcastle touchdown this time by Jackson from 14-yards out with just 0:29 before heading into the locker room.

“It was very important to score right back to keep a three-score margin,” Larkey said in regards to his team effort to respond so quickly as they were on offense after giving up a touchdown. “You don't want to ever let up and give a team hope that they can come back and win. I think our score right before half took away all momentum and hope they had. It had to be demoralizing to have a team score and then give up a long run right back.”

The score before half was in fact demoralizing to the Engineers as they came out of the halftime meeting a bit flat and not able to produce any kind of effort on offense.

Rockcastle would hold Estill County scoreless in the second half while adding a touchdown of its own in each quarter including the previously mentioned 3-yard touchdown pass from Lovell to Jackson in the third quarter and a 15-yard rush in the fourth quarter by Brayden Thacker for the final margin.

In addition to Jackson's and Powell's statistical efforts mentioned earlier, Thacker would add four carries for 14 yards and one touchdown to go along with Lovell's two carries for 20 yards, Hunter Pingleton's four carries for 19 yards and Dylan Burke's three carries for nine yards.

As far as passing statistics, Lovell was 7-for-8 for 72 yards and one touchdown and freshman backup quarterback Camden Larkey was 1-for-2 for 13 yards.

Receiving, Jai Denny and Blake Mullins added two receptions each for 32 and 13 yards, respectively.

On the defensive side of the ball, the Rockets

were once again led by Pingleton with 12 total tackles and was accompanied by Powell (6), Heath Barnes (5), Connor Wright (5), Xavier Leger (5), Jaydon Bowles (4), Creed Gabbard (4), Jackson (4), Blake Mullins (4), Zane Bullock (3), Thacker (3), Lovell (2), Colin Hamilton (2), Austin Miles (2), Burke (2) and Dilian Bullock (1).

Gabbard led the tackles for loss category with three while Powell, Barnes, Wright, Bowles, Jackson, Zane Bullock and Hamilton added one each.

Gabbard would also regain the lead in Class 3A in defensive sacks with two against Estill County to push his season total to 12. Bowles and Powell would add a defensive sack each while Powell also chipped in a fumble recovery and Lovell added an interception to round out the defensive stats.

Next up is that long trek to Belfry, Ky., where the stickers will take on eight-time state champion Belfry Pirates for the first time since 1992 when both teams faced off in the Pike County Bowl.

“It's going to be a tough task to beat Belfry at home, but our kids will go there and play as hard as they can and with as much pride as they have and hopefully be able to get some breaks and luck and win the game,” Larkey added about the Pirates. “Our kids know Belfry is good and they know it's going to be tough, but they won't

back down. That's what makes me so proud of these kids is they don't back down from anyone and play like a real program with tradition.”

Belfry advanced to the second round will an easy 49-14 win over Knox Central. Although the KHSAA's RPI factor will determine matchups in the third round, whoever wins in this matchup will have a high enough RPI to guarantee themselves a home matchup in the third round.

With reclassification going on next season, this will also be the last time this matchup can happen for at least four more years as the Pirates will drop down to Class 2A and will be a formidable foe at that classification for the next couple years

as they are a sophomore and junior dominated squad.

Despite the long trip, fans that won't be able to make it to Haywood Field can listen to the game on WRVK 1460 with Chris Bishop and Devon Bussell on the call. Pregame will begin at 7 p.m. with kickoff schedule for 7:30 p.m.

“It's a 3 hour trip and I know a lot of fans can't make that trip, so WRVK will be live and ready to broadcast,” Larkey mentioned. “We understand that our fans can't go that far and in a sense it's not fair that a second round game has to be that far. But it is what it is and we will do the best we can and hopefully play well enough and get some breaks to win.”

Suicide Warning Signs for Adults

Risk is greater if a behavior is new or has increased, and if it seems related to a painful event, loss, or change.

- Talking about or making plans for suicide,
- Acting anxious or agitated; behaving recklessly.
- Talking about being a burden to others.
- Talking about feeling trapped or in unbearable pain.
- Increasing the use of alcohol or drugs.
- Talking about feeling hopeless or having no reason to live.
- Sleeping too little or too much.
- Withdrawing or feeling isolated.
- Showing rage or talking about seeking revenge.
- Displaying extreme mood swings.

If you or someone you know is struggling or in crisis, help is available.

Call or text 988 or chat 988lifeline.org, or reach out to a mental health professional.

DAR dedicates Never Forget Garden

Rockcastle Chapter NSDAR Inc. dedicated a “Tomb of the Unknown Soldier Never Forget Garden” located at Elmwood Cemetery in time for Veterans Day. The garden’s purpose is to commemorate the 100th anniversary of the Tomb of the Unknown Soldier and to visually represent America’s unwavering commitment to our sacred duty to recognize, remember and honor veterans and their families now and for many years to come. This garden was both a conservation opportunity as well as a visual way to honor all veterans. The flowers and plants in the garden have symbolism representing love and unity. The red rose represents courage and love; daisies represent hope and resistance while the boxwood represents immortality, and the lavender represents devotion and trust. The garden was originally designed and planned by the chapter’s conservation committee in 2021 but due to the COVID outbreak, the project was put on hold indefinitely. The project was finally started after Memorial Day and was finally completed in October.

DAR-SAR mark Revolutionary War Patriot’s grave: Private Francis A. Ramsey

The Rockcastle Chapter Daughters of the American Revolution and the Lafayette Chapter Sons of the American Revolution marked the grave and had a dedication ceremony in honor of Revolutionary War patriot, Private Francis A. Ramsey on Sunday, November 3, 2024. KSDAR, KYSSAR, KSCAR chapters, descendants and members of the community were in attendance to honor and pay tribute to Francis’ memory and his service to this country. Ramsey was born 17 December 1764 in Essex Co. VA and was living there at the time of the revolution. He fought in the battles of Guilford Courthouse, Camden, Eutaw Springs and was at the siege of Ninety-Six. Afterwards, he was attached to Colonel Lee’s Light Infantry. Lee’s Legion was a military unit of Dragoons in the Continental Army. Dragoon units were made up of

cavalry men and foot soldiers and gained the reputation for efficiency and bravery on the battlefield and ruthlessness equal to that of Tarleton’s Raiders. He served in the infantry until the end of the war and was honorably discharged in Georgetown, SC on 6 June 1783. He married Martha Allen on 28 May 1788 in Powhattan, VA and soon thereafter, moved to Kentucky to settle in Rockcastle County. They had at least ten children. He died 26 December 1842 in Rockcastle County and is thought to be buried at the Hiatt Cemetery. The dedication service was presided over by Rockcastle Chapter NSDAR Regent Karen Adams and LaFayette Chapter KYSSAR President Patrick Wesolosky. The service began with the welcome from Regent Adams followed by the posting of colors and standards by KYSSAR Color Guard. The invocation was given by Rockcastle Chapter Vice Regent Kathy Bobo. Michael Adams of the Col. James Harrod Chapter KYSSAR led the Pledge of Allegiance followed by the Preamble to the Constitution led by Rockcastle Chapter member Brenda Lovell. The American’s Creed and the Daughters Pledge were led by Rockcastle Chapter officers Sharon

Lovell and Debra Brown. Joe Clancy of the Lafayette Chapter KYSSAR led the Pledge to the SAR. Regent Adams introduced special guests KSDAR State Regent Linda Conrad, KYSSAR President-Elect Patrick Wesolosky and Former Commander in Chief Descendants of Washington’s Army at Valley Forge Cheryl Lewicki, who all brought greetings. President Wesolosky read the biography and service of the patriot. Dedication of the marker was performed by Rockcastle Chapter Regent and Vice Regent Karen Adams and Kathy Bobo, and the unveiling of the marker was performed by the descendants of Francis A. Ramsey. A musical tribute of “My Country tis of Thee” was performed by Chaplain Nick Blevins and the SAR Choir followed by floral tributes. The SAR performed Our Nation’s tribute of folding of the U.S. Flag and presented it to Rockcastle Chapter Charter Regent and descendant Norma Eversole. The service concluded with the SAR Color Guard performing a gun salute followed by the playing of taps. Benediction was given by SAR Chaplain Nick Blevins. Following the ceremony, a reception was held at Limestone Grill.

DAR and SAR Grave Markers.

Unveiling of the marker by Francis Ramsey descendants.

Third in state...

The Rockcastle County FFA Land Judging team placed 3rd in the state in Home-site Evaluation on November 7th at the Kentucky FFA Leadership Training Center in Hardinsburg. The team qualified to compete at the National Land & Range Judging competition in El Reno, Oklahoma on May 1, 2025. Team members are pictured from left: Gracie Peavie, Anna Chaliff, Shawntel McGuire and Caitlyn Kirby.

Thank You

I want to thank everyone in the City of Mount Vernon for voting for me again for councilman.

Thank you—

Wayne Bullock

Veteran's Day celebrations

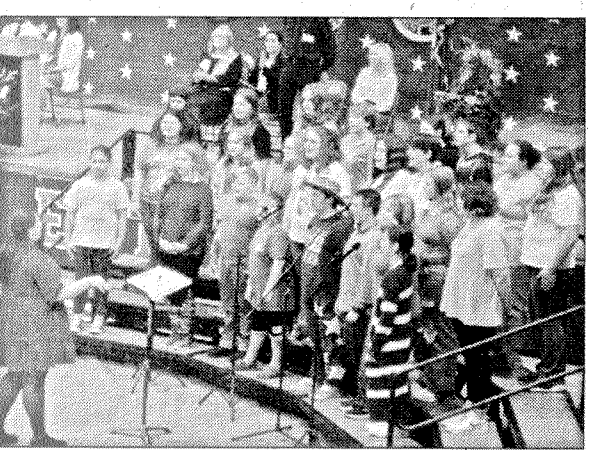

The annual Veteran's Day celebration was held at the Rockcastle County Middle School Monday after students decorated the school cafeteria and gymnasium with DAR posters, signs and more to welcome the honored guests. As the cafeteria filled with local veterans and their families, students and staff served them a lunch before the special guests entered the gymnasium to standing and cheering crowd. Veterans were then honored by the presentation of the colors by the RCHS Color Guard and then special music from the middle school choir. The band then performed and the welcome was presented by middle School Principal Jessica Willis and Student Council representative Rayleigh Hancock. The special guests speaker was Terry Robbins who spoke before the POW/MIA TAPS performance and closing remarks.

All veterans got some cakes during their visit

Postg 71 American Legion table at the RCMS Veteran's Day event.

RCMS Choir

BES and RCHS Veteran's Day celebrations

Veteran's Day celebrations were held at RCHS and BES as well as RCMS. Shown below is speaker Seargent Tom Atkin, veteran of the first Gulf War, speaking at RCHS. Shown above are Grayson Ray, Jase Napier, Trevor Hancock and Zac Moore, displaying the flags at BES. All the events were called a great success by organizers and those who attended.

Anglin's Hog Pen Food Drive now underway

The First annual Anglin's Hog Pen Food Drive has begun. The event started on November 1 and will last until November 22.

Anyone wishing to participate may drop off non-perishable food items at Anglin's Hog Pen Restaurant at 57 West

main Street in Brodhead, the Family Dollar at 745 South Main Street in Brodhead or Chelo's Mexican Restaurant at 37 West Main Street in Brodhead.

Officials say all food collected will be donated to Feeding the Flock Food Pantry at 36 Castle

Village Drive in Brodhead.

Organizers ask that anyone who can, help with non-perishable food to help feed the community during the holiday season.

Drop by any of the locations to leave your donation.

OFFICIAL NOTICE

Jackson Energy Cooperative Corporation ("Jackson Energy") intends to propose a general adjustment of its existing rates by filing an application with the Kentucky Public Service Commission ("KPSC") on or after November 8, 2024 in Case No. 2024-00324. The application will request that the proposed rates become effective on or after January 1, 2025.

Jackson Energy intends to propose an adjustment only to certain rates. The present and proposed rates for each customer classification to which the proposed rates will apply are set forth below:

Rate Class		Present Rate	Proposed Rate
Rate 10	Customer Charge per Month	\$24.76	\$36.48
Residential Service	Energy Charge per kWh (All kWh)	\$0.10180	\$0.10011

No revisions are proposed to any other charges or Rate Schedules.

The amount of change requested in both dollar amount and percentage change for customer classification to which the proposed change will apply is presented below:

Rate Class	Average Usage	Average Customer Bill Impact	Total Revenue Increase	Percentage Increase
Rate 10 Residential Service	999	\$10.03	\$5,793,612	7.20%

Any corporation, association, or person may within seven (7) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, PO Box 615, Frankfort, Kentucky 40602 or emailed to PSCED@ky.gov, establishing the grounds for the request including the status and interest of the party and states that intervention may be granted beyond the seven (7) day period for good cause shown. The Public Service Commission is required to take action within 75 days of the date the application is filed.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail through the Public Service Commission's website at <https://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below, on the utility's website at www.jacksonenergy.com and on the utility's social media page at www.facebook.com/JacksonEnergy.

City of Mount Vernon official receives KLC Training Awards

The Kentucky League of Cities (KLC) presented Mount Vernon City Administrator Jim Bowman with a Level I Achievement in City Governance award.

KLC administers the City Officials Training Center, a voluntary education program. City officials can complete education levels by attending KLC events and submitting outside educational credit from other municipal training.

"The KLC City Officials Training Center is just one way KLC works to serve our members," said KLC Executive Director/CEO J.D. Chaney.

"Through the program, city officials receive a variety of training opportunities. We appreciate their desire to continuously learn and grow. It is a testament to their dedication to quality governance at the local level."

The KLC City Officials Training Center offers four tiers of recognition based on the number of training hours participants complete in city governance and ethics. KLC proudly honors city employees' and elected officials' commitment to public service.

(Editor's note: Bowman has since left his position with the City of Mount Vernon and was not aware of this award. The current City Administrator is Andrew Pensol. However, officials say the award may have been presented last year and the press release only recently distributed to media outlets. Still, it is an award deserving of recognition. Hence, we are happy to publish the article here.)

††Offer valid for a limited time on approved Menards® pretax purchases of \$599 or more made on the Menards® BIG Card® issued by Capital One, N.A. Your account must be open and current to be eligible for this offer. For eligible purchases, the purchase amount is divided into 12 equal monthly payments and will be assessed a 0% APR effective for 12 months or until the purchase is paid in full. This special equal payment term will be added to your normal minimum payment due on non-promotional Credit Plans. If purchase balance is not paid in full after 12 months, the standard variable purchase APR of 30.24% and regular minimum payments will apply to your remaining program balance. Variable APR as of 6/25/2024. 2% rebates are not earned on items purchased using promotional financing. The advertised monthly payment amount is rounded to the nearest dollar, and does not include taxes, shipping, or ancillary charges.

The 11% Rebate is a mail-in-rebate in the form of merchandise credit check from Menards®, valid on future in-store purchases only. The merchandise credit check is not valid towards purchases made on MENARDS.COM®. The 11% Rebate is not a point-of-sale discount on any item purchased. Participating customers must mail their rebate receipt and completed rebate redemption form to the address on the redemption form to receive their merchandise credit check. See redemption form for details. Limited to stock on hand. No sorry slips. First come, first served. Future sale price adjustments, exchanges and merchandise returns will void the 11% rebate on the items adjusted, exchanged and/or returned. Rebate is valid on special ordered products but does not extend to the special ordering of any normally stocked items. Not good with any other coupons or offers except Menards® coupons, Menards® rebates and manufacturers' coupons. Multiple receipts may accompany one rebate certificate. Menards® reserves the right to limit purchases of any and all items to reasonable job lot quantities. Excludes event tickets, gift cards, propane purchases, delivery and handling charges, all rental items, KeyMe®, processing fees, packaging charges and extended service agreements. By submitting any rebate form, you agree to resolve any disputes related to rebate redemption by binding arbitration and you waive any right to file or participate in a class action. Terms and conditions available at www.rebateinternational.com.
