The musical at the college on Friday evening of last week was a very entertaining affair. These recitals, which are scheduled for each month, promise to be the most enjoyable breaks in the dull routine of the winter. The recital given on last Friday was the first of the series and was fully up to the standard of excellence maintained by Miss Taylor. The program contained some of the choicest tidbits of music, and every selection was rendered with the skill of a master by Mr. McDonald and Mrs. von Richen.

This is the second time Mr. Williams has lost by fire. Having been burned out in the 1904 fire in Mt. SENATOR MCCREARY AT STAMFORD. At no place in Kentucky since the opening of his campaign, has Senator McCreary received a more cordial welcome than that which greeted him at Stamford Tuesday. Special trains, two horse wagons, on horse back and on foot, to get here people came to hear, to the number of 3000 to 4000 to show their appreciation of that grand old statesman, who stands preeminent in the greatest in Kentucky to-day. Two brass bands headed the procession, which included the entire city limits and marched to the St. Asaph hotel. The court house was having seating capacity for any thing like half the crowd, the Wald opera house was secured, and with that, more than half the crowd was turned away, not being able to find even standing room. The Stamford reception was all that the Senator could have asked.

When boys, he and I went to school together, and on many a cold frosty morning, I have seen him, as a little boy, bare footed, in his shirt sleeves, (be cause of his shirtings could not afford better) come into the school room shivering from cold. By his own efforts, and his purity of heart and purpose, he has attained that station in life, which few men let to be have ever acquired.

To my fellow democrats of Rockcastle county, I appeal to you that when you go into your booth on next Tuesday to remember Napoleon B. Hays, whose name appears first on the ballot.

RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$10 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and North Louisiana is the fact that cleared land rents for \$5 per acre, wash and can be bought for \$7.50 to \$10 per acre. It costs \$5 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops such as corn small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 4 to 6 cuttings, a ton a cutting, and brings \$10 to \$15 per ton.

In other sections of these states, and in Texas as well, the rolling or hill-land is especially adapted for stock raising and fruit growing. Land is very cheap, \$5 to \$10; improved farms \$10, \$45 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water—it is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request.

The Missouri Pacific Iron Mountain System Lines sell reduced rate roundtrip tickets on first and third Tuesdays of each month to points in the West and Southwest, good returning 21 days with stopovers. For descriptive literature, time tables, etc., write to:
