IN MEMORIAM

In loving memory of my beloved husband, William Noe, who passed away December 3, 1964.

The call was so sudden The shock was severe. We never knew such grief was near.

Only those who have lost can tell. The pain of parting and farewell.

A silent prayer, a silent tear, Beautiful memories, Bill, dear.

As years go by and time rolls on It seems you're near. Although you're gone. Each place I go, each thing I do I seem to feel your presence, too.

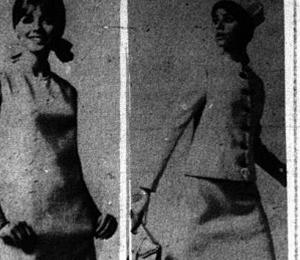

For treasured thoughts of one so dear Often bring a silent tear. My thoughts return to things long past.

Time slips on, but memories last. Sad but true, we wonder why That the best are always the first to die.

He lives with me in memory And will forever more.

Mrs. William Noe and children

NEWS IN COUNTRY CASUAL FASHIONS

Smarter, richer and more sophisticated than ever, the American woman still clings to her preference for casual clothes that can commute between city and suburb. Why? Because she's too smart, rich and sophisticated to give up a good thing - and "country casual" fashions are getting better all the time.

A case in point is the A-line skimmer, McCall's Pattern #8656, which scores big-city fashion points in its home-spun way. Front and back seams are crisply defined by machine stitch trim; the effect is chic, sleek, and expensive-seeming.

For a quick hairsetting, roll hair up dry, rover with a dampened net and when net is dry, hair is set. Wear, lamp-hades can be painted attractive colors with leftover paint and placed on clothes cover shelves to serve as hat-stands.

Use an ordinary trouser hanger to hold supermarket bags. Fold bags in half, snap the hanger over them; hang conveniently.

Moving? Get a carton with bottle dividers from the grocery store to hold catsup, vinegar, salad dressing and sauce bottles.

traffic truths!

Statistics indicate that most of the traffic accidents every year involve ordinary lawful drivers, during good weather, in daylight, and on straight and level roadways. Good drivers - beware! Due caution, even for the best driver, is the best way to prevent traffic accidents.

Flower Talk

BY: RUTH FAIR TULIPS OFFER BEAUTY AND MYSTERY

One of the flower kingdom's most beautiful blossoms is the tulip, and it is one of the few flowering plants whose origin remains a mystery. (Not Holland, believe it or not!) However, it is believed to be a native of Persia.

The word "Dulband" in Persia is the cloth from which the tie is made. The English translation of this word is "Turban."

There is no mystery about the flowers we offer... all are the finest and freshest that are available. Whenever you need flowers, we are just a phone call away. Call 256-2091.

Brodhead To Re-Submit Water - Sewer Application

Tourney Site Selected

Jackson County gymnasium has been chosen for the site of the 49th-District Tournament to be held beginning February 28. Anville will be the host school but the games will be played in the Jackson County since it has a larger seating capacity. Seven teams compose the 49th District. They are: Mt. Vernon, Brodhead, Livingston, Jackson County, Anville, Clay County, and Oneida. Clay County is the popular choice to carry off the honors in district play with Brodhead runner up.

NEW TREASURER- Mrs. William I. Norton has been named Rockcastle County Treasurer. She replaces Mrs. Harold Jones who was appointed recently due to the retirement of Gro. George Murphy. Mrs. Norton and her family have been residents of Mt. Vernon for the past 18 years. They own Norton Insurance Agency where Mrs. Norton is employed.

At a meeting between the Brodhead Board of Trustees and the Mt. Vernon City Council, held at Mt. Vernon Thursday night, Jack Crawford, of Crawford and Crawford Engineers, was authorized by the Brodhead Board to submit a revised application to the Economic Development Association (EDA) in Washington. The revised application would ask for a grant and loan to (1) construct an 8-inch water line from about 3 1/2 miles out of Mt. Vernon to Brodhead on US 150 (2) install a sewer system within the city limits of Brodhead and (3) construct a new water storage tank. The meter and meter box would also be included in the project. The revised grant and loan would be approximately \$100,000 less than the original application of \$700,000. According to Clyde Linville, Mt. Vernon Mayor, Bill Davis, area director for EDA, said when informed of the new proposal that he thought it an excellent idea. At the present time, Brodhead serves approximately 330 water customers at a minimum charge of \$2.48 for the first 2,000 gallons of water. This rate of course would be raised if the revised application should be approved.

FUNERAL SERVICES HELD FOR MRS. FANNIE L. MINK

Mrs. Fannie Leone Mink, 70, of Livingston, died Jan. 10 at the Rockcastle County Baptist Hospital. The daughter of the late Phillard and Sarah Meace McClure, she was a member of the Sand Hill Baptist Church. Mrs. Mink is survived by her husband, Otis Mink, two daughters, Mrs. Lula Campbell of Parkersburg, W. Virginia and Mrs. Kathleen Tyree of Cincinnati, Ohio; and three sons: Cecil Burdine, Ernest Mink, and Guy Mink Jr., all of Livingston. Ten grandchildren, nine great grandchildren, and two great great grandchildren also survive.

McElroy Named

Gov. Edward T. Breathitt has named O. L. McElroy of Eminence, in Henry County, to the State's newly established Council on Public Higher Education. Mr. McElroy is the brother of Mrs. Horner Scott of Mt. Vernon. McElroy's term on the council, created by the 1965 General Assembly to coordinate the state's system of higher education, will run until June 16, 1969. He succeeds Jack Tankers, formerly of Owensboro, who has moved from Kentucky. A native of Allen County, McElroy is a former member of the University of Kentucky board of trustees. He was superintendent of the Eminence school system for 11 years. Before that, he taught and coached football at Estill County High School.

New Legislation Passed To Aid Rockcastle Families

The U.S. Department of Agriculture's Farmers Home Administration is better equipped to handle the housing credit needs of low and moderate income Rockcastle County families as a result of legislation recently signed into law, according to Robert Winn, Farmers Home Administration county supervisor. The new legislation makes mortgage credit available to low and moderate income families in Rockcastle County by increasing the level of activity of the agency's rural housing loan program. Here are some of the other changes in the rural housing loan program administered by Rockcastle County Farmers Home Administration: (1) Many Rockcastle County families who had to go the long way of planning, contracting and building a house can now buy newly constructed buildings. Before the new legislation, these families could only purchase previously occupied buildings. (2) Qualified low-income families can now obtain housing credit in Farmers Home Administration on the basis of only those rural persons 62 years and older qualified for this assistance. (3) The new legislation increases from \$1,000 to \$1,500 the maximum amount of assistance the agency can make for emergency repairs or improvements to owner-occupied rural housing or farm service buildings. This credit is not designed to remove hazards to the health and safety of the family and the community. (4) Rural families on the verge of losing their homes through foreclosure may save their homes if a sound basis can be developed by the Farmers Home Administration to refinance their debts. (5) Financial assistance can be given to construct rental housing for low and moderate income rural families of all age groups. Previously, rental housing financed by FHA had to be occupied by rural people, 62 years and older. Loans by the Farmers Home Administration are made to Rockcastle County applicants who are unable to obtain credit they need from private lenders at reasonable rates and terms. Applications for Farmers Home Administration rural housing loans may be made at the Rockcastle County office, Educational Building, in Mt. Vernon on Mondays from 9:30 until 12:00 or at the Stanford office, Farm Bureau Building, Monday through Friday between the hours of 8:00 and 5:00.

William H. DeMarcus To Seek Re-Election

William Harold DeMarcus has announced his candidacy for re-election for State Representative from Rockcastle and Lincoln Counties, in the May Republican primary. Mr. DeMarcus, who has served two terms in office, is a member of the Christian Church, a Mason, a member of the National Rules Committee of the Republican Party, and a member of the Kentucky State Central Executive Committee of the Republican Party. This is the governing body of the Republican party in Kentucky. Mr. DeMarcus, a resident of Stanford, is married and has four children. Two new columns begin in this issue of the Signal. "Babson's Authentic Release," a weekly column by Royer W. Babson, syndicated columnist. This column will be a weekly review and discussion of business and financial matters. Also beginning this week is a column by Clay A. Colson, Rockcastle County Soil Conservationist. We hope our readers will enjoy these two interesting and informative features.

4 Men Charged Here In Shooting Fracas

Warrants have been issued in Rockcastle County for four men who were apprehended Sunday afternoon by Jackson County Sheriff Fred Hayes, deputies Jack Hayes and Rob Tincher, and State Trooper Bill Williams. David and Olen Johnson, and Billy Croucher of Rockcastle, and Silas Abrams of Fayette County were arrested by the law officers when they were stopped in the Johnetta area. The Johnson brothers and Billy Croucher were wanted in Jackson County for a warrant taken there by Wesley Johnson, following a fracas the previous Saturday night. The warrants issued in Rockcastle County were taken by Leroy Morris, postmaster of the Johnetta Post Office and Ed McCracken also of Johnetta. The warrants charge the men with shooting into a crowd of people.

Mr. Morris and Mr. McCracken, the four men shot into their homes Sunday afternoon just before being apprehended by the officers from Jackson County. The men were taken to the National Rules Committee of the Republican Party, a member of the Kentucky State Central Executive Committee of the Republican Party. This is the governing body of the Republican party in Kentucky. Mr. DeMarcus, a resident of Stanford, is married and has four children.

Basketball This Week

At Mt. Vernon
The Mt. Vernon Red Devils went down to defeat Friday night when they took on Lexington Tates Creek. The Central Kentucky area ball club broke the century mark with a sizzling 105-74 win. The loss was Mt. Vernon's seventh in a row.

At Brodhead
Brodhead extended their win column Friday night when they handily defeated Anville 70-54. The game was never in question as the Tigers led at the end of all periods. The scores were 20-13, 41-23, 55-34, and the fourth quarter score of 70-54. Individual scoring for Brodhead was: Sargent 17, Vanhook 14, Adams 14, Stevens 15, Scott 4, P. Russell 1, Bullock 3, and J. Russell 2.

In action Saturday night at McCreary County, Brodhead suffered its third loss of the season when they were best by McCreary County by a score of 75-58. The game was all tied up at the end of the first quarter at 18 to 18. In the second quarter the Tigers were outscored by ten points over the first quarter. They were again outscored in the third quarter with the tally there at 53-40. Those scoring for Brodhead were: Vanhook with a fine performance of 31 points, Sargent 13, Adams 7, Stevens 3, B. Russell 3, and Scott 1. Brodhead will meet Liberty at home Friday night. Tuesday night they will be at Pulaski County. At Livingston

NEK COLUMNS

Two new columns begin in this issue of the Signal. "Babson's Authentic Release," a weekly column by Royer W. Babson, syndicated columnist. This column will be a weekly review and discussion of business and financial matters. Also beginning this week is a column by Clay A. Colson, Rockcastle County Soil Conservationist. We hope our readers will enjoy these two interesting and informative features.

Bro. Dean Davis To Speak

Bro. Dean Davis, former pastor of the Wildie Christian Church, will speak on his future plans in the missionary work, Thursday evening (tonight), at 7 p.m. at the Christian Church in Mt. Vernon. Bro. Davis will leave in June to begin his missionary work in Zambia, Africa. The public is invited to attend.

Anderson Ordered To Leave County

William Anderson of Livingston has been ordered by County Judge Wayne Van Hook to move his residence from the county by Saturday, Jan. 21. If Mr. Anderson should fail to comply with Judge Van Hook's order, he could be brought to trial to face two charges. Mr. Anderson was arrested recently for the possession of illegal whiskey. More recently, he was served with a "Public Nuisance" warrant. Under the agreement, Anderson must leave the county for good; he may return to visit but not to live.

BANK HOLIDAYS

Both the Bank of Mt. Vernon and the Citizens Bank of Brodhead will have two holidays in January. The banks will be closed Thursday (today) in observance of Robert E. Lee's birthday and Monday, Jan. 30th in observance of Franklin D. Roosevelt's birthday.

Work is now in progress on Great Saltpetre Cave. According to John Lair, owner of the site, a crew of men are engaged in enlarging the main entrance and enlarging the approach to the cave. Plans are to begin exploring the cave more thoroughly in the near future and perhaps excavating for artifacts and other ancient objects. Most of the work will be done along lines of restoration. Mr. Lair has asked that unauthorized persons stay away from the site since charges of dynamite have been planted in the area.

LIVINGSTON FNA ELECTS - Officers for the Livingston chapter of Future Homemakers of America were elected for the year 1966-67 at a meeting recently. They are, seated, left to right: Reva Rader, song leader; Virginia Mullins, reporter; Judy Moore, secretary; Marjorie Leach, president; Shirley Ballinger, parliamentarian, and Judith Brown, treasurer. Standing, from left to right: Mrs. Lorette Dillingham, advisor; Patricia McGuire, song leader; Sue Sales, second vice president; Jane Corbiston; Gail Vanwinkle, recreation leader, and Shirley Newcomb, first vice president.

Babson's Authentic Report

Rebellion In China
BARBSON PARK, Mass., January 19. The news coming out of mainland China where Communist Party Chairman Mao Tse-tung's leadership is being challenged — is confused and garbled. But the uprisings are signs of hope that China may be on the way to throwing off the shackles which have kept her isolated from the rest of the world.

Mao Has Lost His Grip
 Like Stalin, Chairman Mao has been a tormented, unyielding leader. He and his cohorts worked hard and suffered much in the long, successful effort to impose Communist rule on China. While China under his rule never has managed to make that widely heralded "great leap forward," she has pulled herself out from the ruins of World War II to become a more viable country than ever — and to become a nuclear power of some stature.

But now it appears that Mao has not moved with the times — that a number of the trusted comrades whom he himself put into places of power in the Communist party organization in China have stood up to challenge his sole leadership and to oppose his hard-line policies. As a result, Mao has lost his grip on the party apparatus.

This Is Not An Anti-Communist Revolt
 The challenge to Mao's power has been building up for a couple of years. His performance is being criticized by seasoned party members, many of whom have held high position in Chinese Communist circles for a long time. Some of these men were Mao's comrades during the "long march" which preceded his rise to power in the late 1940's.

The opposition to Mao and his ideas is not an anti-Communist revolt. Those who are leading it are themselves Communist and remain loyal to Communism, though they question Mao's rigidity which has caused relations with Russia to be strained and which has isolated China from the world. They are also very much concerned because Chairman Mao has not made more headway in solving China's pressing problems of food short-

BIRTH DEFECTS
NATION'S 2ND
GREATEST KILLER

Oregon Journal, Portland, Ore.
 That any power structure that is honest and treats all of the people fairly and honestly, has no reason to fear Vistas AV's or anyone else. A power structure that is dishonest, and rules only for the privileged few, should fear every honest citizen, because every honest citizen should be working to disrupt and overturn that power structure. I feel that this not only applies to Eastern Kentucky, but to every section of the United States.

I know that some public officials are against Vistas and AV's. I feel that the reason that they are against them is because Vistas and AV's go directly to the people and work with the people instead of working through and by the public officials. I find that in many places Vistas and AV's are the only source of information available to the people. The public officials either don't care enough to inform the people or don't want the people informed. You can take your choice. The reason it is probably one of one and half dozen of the other. One of the things Vistas and AV's does is to inform the people of their rights under the law and how to go about securing those rights so long denied them.

Laini Grosscup, Vistas, in our community was a most wonderful and sincere person. Her sincere wish was to help. She was so sincerely interested that when her 12 months of service was over she had her time extended to 16 months. Until she told us we knew nothing about

able to get my high school certificate. As you can see I personally have a lot to be thankful for and it is all because of the Vistas. We now have another Viste in Rockcastle County. John Hansen. I am sure he will be as great a help in his community as Laini was in ours. It seems to me that Gattiff Crafts job is to help the poor in our country and not "altack" ing" other groups that are doing so much good.

Sincerely,
Faye Baker

Dear Mr. Publisher:
 In last week's Signal, one Boyd Whitaker, who was bred, born and buttered in good 'C' 72, Rockcastle, but who now resides somewhere North of the Border sorry slapped his mother in the face, didn't he?
 It seems that it all started when Mr. Whitaker decided to return home, and to his surprise found his Mother, Mrs. Rockcastle, dressed in her best White Tucker. Mr. Whitaker took offense at this turn of events, as he was just dying for another good Home Cooked meal and expected to see his mother dressed in her every day duds. Looking for a Scape Goat, Mr. Whitaker accused the State Po-

lice and the Road Department of flirting with his mother, (she did look charming for the occasion) and vowed to pass us at 80 miles per hour once we got 175 complete. Personal tho, Mr. Publisher, I'll admit that it was awful in-ing in Florida.
 Mrs. Burcess Hysinger spent convenient for Mr. Whitaker to have to deour via way of Le-Sunday with Mr. and Mrs. Char-man hill and Brush Creek in order to get home to the heart of his mother. But if it was the fee and snow that blocked U. S. 22, will Mr. Whitaker please tell us how in the world he ever got to the Leman hill. I understand it snowed there too.

SOIL CONSERVATION NEWS

By Clay A. Olson
Soil Conservation Service

A noxious weed practice has been recommended to the State A.S.C.S. Committee by the local A.S.C.S. Committee for Rockcastle County. Johnson Grass and Nodding Thistle are the two noxious weeds that will be covered by the practice. If it is approved for cost-share assistance it will be necessary to have a Noxious Weed Committee. This committee is composed of Shelle Mullins, A.S.C.S. Chairman, H. Lee Durham, County Extension Agent, Clay A. Olson, Soil Conservationist, Hubert Trasher, Magistrate, William Bullen, Farm Bureau President, and John Houston, Highway Department County. Johnson Grass and Nodding Thistle are the two noxious weeds that will be covered by the practice. If it is approved for cost-share assistance it will be necessary to have a Noxious Weed Committee. This committee is composed of Shelle Mullins, A.S.C.S. Chairman, H.

ing sod waterways, ponds or any of the other practices for which cost share assistance is allowed. Controlling of these noxious weeds must be carried out in accordance with standards and specifications furnished by the A.S.C.S. Office.

Fish Available

Freddie Noe, Conservation Officer for Rockcastle County, says that farmers who have constructed ponds may sign up and receive bass and bream to stock their ponds. He will need to know the size and depth of the pond to furnish the Division of Fish and Wildlife, so they can determine the number of each kind of fish your pond will need.

BEHEIVED TO HAVE BEEN BORN DEAF, Johnny Caton, 16 months old, is tested with an electric horn that emits a high-pitched wail to determine whether any hearing exists. At March of Dimes Birth Defects Center, University of Colorado Medical Center, Denver, Mrs. Marion P-Downs, speech pathologist, diverts Johnny's attention as he sits on lap of his mother, Mrs. Myra Caton. Then, unseen by Johnny, pathologist sounds the wailer behind his head. If patient turns toward the sound, this usually indicates he has some residual hearing. You can aid research into birth defects and support patient care by giving in January to the March of Dimes.

SAVE YOUR POPLAR TREES

Your small six to ten inch Poplar trees will grow one inch per year in good soil. In just five years a nine inch Poplar pole will be a fourteen inch log. A nine inch log 12 feet long has 19 feet log measure. This same log five years later will measure 70 feet. A small tree containing three 9 inch logs at today's pulpwood prices will bring you \$192. This same tree will bring you \$1800 in just five years. Take an acre of young Poplars which normally will have 4 hundred trees. Cut them into pulpwood today and you will receive \$18200. Let those young Poplars grow five years and they will bring you \$18000. We recommend that you cut your fourteen inch and up Poplars and let the small trees make you money at the rate of over 900% interest each five years. We need good logs now and suggest that you cut your larger trees which are mature, this enables small trees to grow faster. We need good Oak, Maple, Basswood, Ash, as well as Poplar. We do not want low grade logs.

a no-win season Friday night when they were defeated by Jackson County in a game at Livingston. The Blue Devils were only two points behind at the end of the first quarter at 9-7. They were outscored by 14 points in the second quarter with a quarter tally of 27-13. The third quarter score stood at 50-35 and Jackson County ran up 27 additional points in the fourth quarter while Livingston could only manage to get 13, for a final score of 77-48.

Scoring individually for the Blue Devils were: Lonnie Mink with 19, Phil Childress with 13, Norman Owens 10, Lloyd Tyree 4, Jerry Poynter 1, and Earl Jackson 1.

The story was almost different Tuesday night in a game played at Shopville. At the end of the first quarter Livingston led 15-11, and at half-time they led 24-21. However, in the third quarter Shopville scored 26 points while Livingston could only come up with 9, for a third quarter score of 47-33. In the fourth quarter, Livingston put 23 points through the hoops but to no avail at Shopville stayed with them with an additional 24 points for a final score of 71-56.

Individual scoring for Livingston was led by Lonnie Mink with 18, followed by Phil Childress with 16, Jerry Poynter 12, Norman Owens 6, Earl Jackson 2, and Lloyd Tyree 2.

The Red Devils will be home to Mt. Vernon Friday night.

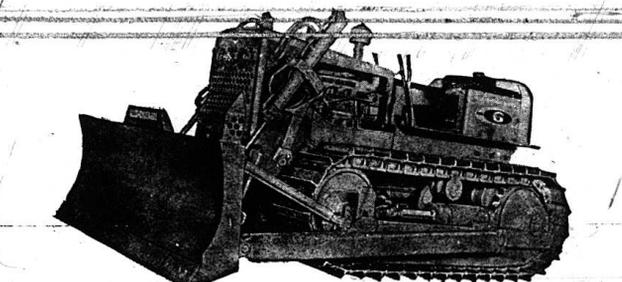

There's plenty of good home-satin in this meal-one dish. More good news: you can even assemble the casserole early in the day and refrigerate till about an hour before mealtime. Great for those hectic days when you've been away all afternoon and you've barely time to remove your hat before the kids (and Pop!) begin clamoring for dinner.

Million Mothers Fight Birth Defects In Traditional March of Dimes Drive

Famed actresses Jane Wyatt, Angela Lansbury and Gigi Perreau share a secret—they have learned there can be a great deal more to life than the glamour and glitter of stage and screen stardom.

Behind the scenes these stars are among the more than one million American women who have become March of Dimes mothers. Each year millions of infants, yet unborn, may have the chance to lead normal and useful lives.

For the fourth consecutive year, Miss Wyatt is national chairman of the March of Dimes Mothers' March on birth defects. Miss Lansbury is chairman in New York City, and Miss Perreau is chairman in Los Angeles, Calif.

As the world of stars helps the 1967 March of Dimes, so does the world of space. The Mothers' March chairman in Houston, Texas, is Mrs. Gordon Cooper Jr., wife of the famous astronaut, while the mother of astronaut Walter Schirra Sr., heads the Mothers' March in San Diego, Calif.

These well-known women and the many other equally dedicated Mothers' March volunteers across the nation ask their neighbors' support and contributions for a physical or mental defect. Birth defects each year cause an estimated 500,000 infants before they are born.

"On their Mothers' March from door to door, volunteers will have two main goals," Miss Wyatt explains.

"These women want to educate parents and parents-to-be about birth defects and what is known about how to prevent them. They will also try to raise funds to support the fight on birth defects."

The educational leaflet, "Happy Birth Day," will be distributed during the Mothers' March. It explains what to do if you are about to be married or are expecting a baby. If a birth defect occurs in your family or if you have friends with a defective child who needs assistance.

Contributions to the 1967 March of Dimes will help...

and Mrs. Arthur Harris, Jr. 1-10-67.

GO AWAY RUTHIE

by Laura Nelson Baker.

This is a very sober-sided personal account of adolescence. Ruthie, the tolerated girl-next-door, has married Lynn's steady boy-friend. The home-life and high school experiences of Lynn are typical of a protected, middleclass girl. This is a record of a trip through the teens to understanding and continued growth without any preachiness.

THE REAL MOTHER GOOSE, illus. by Blanche Fisher Wright.

This large volume of over three hundred Mother Goose verses is one of the most popular in our country. The pictures so clear and simple that they appeal to the young child.

MYTHS AND LEGENDS OF MANY LANDS, by Nicola Sissons, compiler.

A treasure chest of wondrous stories that will open up a world of delight.

ROLLER SKATES, by Ruth Sawyer.

For one never-to-be-forgotten year Lucinda Wyman was free to explore New York on roller skates. Her enchanting personality, her easy conversation, and her many delightful friends give a picture of child life in New York in the '30s.

RUN, WESTY, RUN, by Gurdun Aleock.

This is a matter of fact, realistic account of what happens when a boy runs away continually in spite of his parents, the truant officer, and all adult authorities. Westy has to learn to look at life realistically and work out his problems. Recommended for all libraries in this day of runaway juvenile delinquency.
