"What can I do to help you" ... and ... "What's in it for me" ... are two opposing at tindes. "What's in it for me" is a self centered demand, lacks every oltruistic andloffy purpose.

Gradually and happily, it does seem at times that a better philosophy is taking hold. More and more we have in cidents, we see examples of 'Can I help you' ... Strangely, enough, (or is it so strange?) the "Can I help you' at titude has a wonderful way to remove the fatal flow of greed.
